

On the prowl...
Handsome devil, 7'ish (give or take).
Enjoys being pampered, eating good food off a counter,
sun in a windowsill...

Looking for lasting companionship
in an amusing person with a pinch
of playfulness, a dash of understanding
and loads of love.

Sounds like a match to us!

Cochecho Valley Humane Society is proud of its "Wisdom & Whiskers Program"!

If you are a *seasoned citizen*, you are eligible for this program. It is often thought older pets are "too old" or "untrainable" by some potential adopters. Cats and Dogs can live up to fifteen to twenty years, are **already trained and spayed/neutered!**

Visit us at CVHS and we will introduce you to some wonderful pets that are **available at half the regular adoption fee!**

We look forward to your visit!
